Introduction

In presenting my new Dahlia Catalog for 1925 to my friends and patrons it is not necessary for me to mention cups and medals won. But I will adhere to my former policy of sending out nothing but first class stock. I do not list a large collection, but such varieties only that have been selected for their superiority in color, perfection of form and stiffness of stem. I list only novelties and standard varieties of real merit, and you may purchase any variety regardless of description, with my assurance that this list contains only varieties of superior merit.

I again thank you for past favors, and assure you that further favors will receive my most careful attention.

Very sincerely yours,

JOSEPH A. NOLET.

Early orders are solicited.

TERMS — 10% discount when cash accompanies order or in advance of shipment.

PRICE LIST FOR TUBERS

Prices listed in this catalog are for tubers. Green plants may be furnished on newer varieties at **half price**.

Price List for Tubers

Green Plants at Half Price
